DETAILED ACTION

Acknowledgment is made of applicant's claim for priority under 35 U.S.C. 119(a)-(d) based upon PCT Application filed in Sweden on May 24, 2000 and based upon another application filed in Sweden on April 06, 1999. A claim for priority under 35 U.S.C. 119(a)-(d) cannot be based on either application, since the United States application was filed more than twelve months thereafter.

Allowable Subject Matter

Claims 38-46 are allowed.

The following is an examiner's statement of reasons for allowance: After careful consideration of the Applicant's remarks the Examiner has found the independent claims are allowable. There is no evidence in the prior art of a vocal valve comprising a heat and moisture exchanging element, a check valve member, a manually adjustable member comprising a housing that is rotatably mounted to a bottom plate.
